Description
A brownfield development site measuring approximately 0.56 acre fronting Wolverhampton Road. The land was historically used as a petrol filling station and as such benefits from a left turn in and left turn out arrangement onto Wolverhampton Road. There is an existing tarmac surface covering the former car park and a concrete base of the former forecourt/filling station building, please note vegetation has penetrated the surface. A palisade fence runs around the perimeter of the site with the benefit of gated vehicular access points off Wolverhampton Road.

The site fronts and currently provides the only highway access point to a larger site area to the rear which is in separate ownership (shown hatched green on the front page). Whilst this does not form part of the sale it did form part of a joint development proposal with the subject site, see scheme adjacent. The successful purchaser may wish to engage with Sandwell Borough Council to revive this agreement for the same or alternative development.

The Department for Transports 2016 traffic counts survey for Wolverhampton Road reported 22,313 daily movements.
