Sean Hetterley ME8 7TN 1 February 2021 <a href="mailto:thehetterss@googlemail.com">thehetterss@googlemail.com</a>	I still strongly object to these plans, the sheer amount of housing is too excessive for this area and the infrastructure will not cope. Additionally I live on lower rainham road and the traffic is awful at best, adding another 2,500 cars on a daily basis will not assist in anyway or form and the road is an accident waiting to happen. Finally it is an area of natural beauty and a conservation area for a reason, lets leave it that way, we already have enough houses being built in local areas and a school/care homes, no more needed. The council rejected it, 3,500 people rejected it, listen to the people!
