# Lidl Scotland

Since opening our first store in Scotland in 1994, we have steadily expanded and now operate over 100 stores across Scotland. Our expansion has only been possible thanks to the help and support of the local communities which we serve. We are very proud of our success in Scotland and the relationships that we have formed with Scottish suppliers and local communities.

With a large range of products sourced from over 80 Scottish suppliers, we are committed to providing customers with the best quality, fresh produce at great prices.

Alongside our own brand products, we also offer our customers some of Scotland's biggest brands at trademark Lidl prices. Customers can enjoy a wide range of 100% Scottish beef, lamb and pork, as well as an extensive range of fresh fruit and vegetables, bread and cakes, and chilled and frozen products.

Your new store at Troon would benefit from a bakery offering freshly baked products through-out the day. The bakery would stock a wide range of goods from baguettes to doughnuts and cheese twists to Scottish morning rolls.

Every week we offer an array of outstanding promotions on some of the nation's favourite brands. Offers also include our 'Pick of the week', where we offer a variety of fresh fruit and vegetables at reduced prices, all week long!

In fact, the products sourced from Scotland are of such fantastic quality that many are exported to over 9,500 Lidl stores across Europe - something both Lidl and Scotland can be proud of!

## Have Your Say Benefits of the Proposed Development

Lidl has submitted a planning application for a new dedicated Lidl store and new Boots store at Academy Street, Troon KA10 6HR. As part of the application process, we are seeking feedback from the local community on the proposals.

### Site Background

The site is located at 49 Academy Street and is centrally located within Troon town centre, bounded by Academy Street and Barassie Street. The site is currently occupied by a number of retail units including Boots, Costa Coffee, Ayrshire Hospice, Oxfam, Savers with two units being vacant. A car park is also provided in front of the retail units. The site was formerly occupied as a foodstore before it was subdivided into smaller units.

Being within the town centre, the site is very accessible with regular bus services with the nearest bus stop on Barassie Street and Troon Railway Station just 300m to the south-east.

### The Proposal

The proposal is for a 1,310 sq.m sales area Lidl foodstore together with 125 parking spaces including 6 dedicated accessible bays, 10 parent and child bays as well as 2 electric charging bays with the capacity to add more in the future. The store will feature solar panels providing up to 25% of the store's electricity supply.

A further retail unit is proposed which will be occupied by Boots. The existing Costa coffee unit will be retained. It is expected that the development will only commence when the existing leases of the current occupiers end

## Benefits of the Proposed Development

- A new discount foodstore to Troon providing much needed choice;
- Good quality products at the lowest possible price – supporting customers through current cost of living increases
- Up to 40 full time equivalent local jobs for the Lidl foodstore and additional jobs through the construction process;
- All jobs at least at the Living Wage Foundation hourly rate, starting at £10.10 and no zero hours contracts.
- A new highly accessible store at the heart of the town centre – supporting footfall and linked trips with other shops and services;
- 90 minutes free parking for shoppers and visitors;
- A dedicated in-store bakery;
- A bottle deposit return facility providing credits for shopping in store;
- A sustainable store with solar panels on the roof providing up to 25% of the store's electricity supply.

## Did You Know?

- Lidl GB buys 100% "Green Electricity" – that is electricity generated from renewable sources. Our energy supplier, Drax Energy, provides 100% renewably sourced electricity that is guaranteed with certification;
- Lidl GB has 32 stores (and growing) with solar panels, each producing over 150,000 kWh of electricity per annum or 25% of each store's annual electricity consumption;
- We currently have over 150 Electric Vehicle (EV) Rapid Charging Points in our car parks to help our customers reduce their own emissions;
- Lidl retrofitted energy efficiency LEDs into almost 400 stores in 2019, saving over 13 million kWh's per year;
- Lidl GB is now carbon neutral.
