Location

The property is located alongside the A3, within the heart of the South Downs National Park just to the south of the town of Petersfield. The site, which can be accessed from either carriageway, provides an unprecedented opportunity for development of a full roadside service area.

The A3 is a major transport route leading from London to Portsmouth with traffic flows at this point in excess of 57,000 vehicles per day. However, the site does not just benefit from the passing trade but also has the potential to build further custom due to its location in the National Park

The South Downs National Park covers some 628 square miles. The property is located within walking distance of Queen Elizabeth Country Park and Butser Hill National Nature reserve.

The site is located some 14 miles north of Portsmouth and 24 miles south of Guildford. There is limited existing competition with none onstream to the south

Description

Sitting on a level site of 6.41 acres, the site is currently highly accessible with potential frontage to the A3.

The site has planning consent for a roadside service area including EV charging with Eco Lodges, and a commercial area including café and shop. The Eco Lodges total 44 2 Bedroom units with a further 16 One Bedroom Lodges. The commercial element extends to 14,316 sq ft (1,330 sqm)

Further details of the planning consent are available in the additional information.

A flythrough of an artistic impression of the developed site can be seen on the following link:-

Recharge One Buriton Petersfield
